

PRESS RELEASE

ServRight named Authorized Service Provider for DISC Archiving Systems, Inc. in North America.

IRVINE, CA March 3 – DISC Archiving Systems Inc., a newly formed subsidiary of DISC Archiving Systems B.V., has named ServRight, a leading technical service provider, as the authorized service provider for North America.

DISC is a leading manufacturer of optical storage solutions for the long-term retention of digital data. DISC has been providing innovative solutions for over 20 years and has over 22,000 installations worldwide. DISC recently opened an office in Irvine, CA to offer direct support to its existing channel partners and develop new channel relationships.

“We are very pleased that DISC Archiving Systems has chosen ServRight to provide product warranty service for their North American customers” said Marty Evans, ServRight’s Vice President and General Manager. “DISC has a long history of providing reliable quality products that meet the demands of long term data archiving and we are pleased to be part of that heritage” he added.

“As DISC’s Authorized Service Provider, ServRight will handle warranty and post-warranty service for our archiving solutions, both for our existing customers and new partners and customers” commented Mark Brown, VP of Sales for DISC. “Our customers demand world class archive solutions and this includes quality after sales service, which ServRight can provide.”

“DISC Archiving Systems customers can be assured that ServRight will deliver superior warranty service as well as unrivaled technical support throughout North America,” Marty Evans concluded.

About DISC Archiving Systems
